Bappa Sutradhar

Assistant Programmer | Software Developer (Laravel, PHP, Java)
Dhaka, Bangladesh | 01928040976 | sutradhar019@gmail.com | github.com/bappa0409

PROFILE

Assistant Programmer with hands-on experience building and maintaining ERP and school management systems using PHP, Laravel, CodeIgniter, and Oracle/MySQL databases. Currently expanding into Java to support backend development across multiple languages. Comfortable working across the full development cycle: requirements, coding, testing, bug fixing, and production support.

SKILLS

Languages & Frameworks: PHP, Laravel, Java & Spring Boot *(Currently Learning)*, JavaScript, jQuery, AJAX, HTML5, CSS3, Bootstrap
Databases: MySQL, Oracle Database
Tools & Practices: Git, GitHub, REST APIs, Role-Based Access Control, Relational Database Design, Debugging & Production Support

PROFESSIONAL EXPERIENCE

Assistant Programmer (Nov 2024 – Present)
IT Bangla Ltd — Paltan, Dhaka

- Develop and maintain a School Management System and internal PDB software used in daily operations.
- Work with Oracle Database for data handling, troubleshooting, and reporting.
- Fix bugs, test releases, and support end users to ensure smooth production operation.

PHP Developer (Dec 2022 – Dec 2023)
BDTask Ltd — Khilkhet, Dhaka

- Developed and supported ERP solutions using Laravel and CodeIgniter.
- Built and maintained modules and APIs, adding new features and resolving defects.
- Collaborated with team members to keep production systems stable and scalable.

PROJECTS

Sales ERP System — Laravel, PHP, MySQL, jQuery, Bootstrap

- Developed ERP modules covering HR, Sales, Purchase, Stock/Inventory, Accounts, and Product Management.
- Implemented role-based security and relational database design.
- Created reporting dashboards to support operational decision-making.

Article 71 — Laravel, PHP, Bootstrap, AJAX, jQuery

- Built a full news portal with an admin panel for categories, posts, and users.
- Implemented a responsive UI and dynamic content system.

Clean Solution Limited — Laravel, PHP, MySQL, Bootstrap

- Developed a service website with CMS-style admin control.
- Focused on performance, responsiveness, and easy maintenance.
